- Profit for the year attributable to owners of the Company decreased by 76.5% to HK\$36.9 million
- Gross profit margin increased by 0.7% to 26.6%
- Earnings per share: 4.0 Hong Kong cents (2021/22: 19.8 Hong Kong cents)
- The Board does not propose the payment of final dividend (2021/22: Nil)

The Board of Directors (the “Board”) of Gold Peak Technology Group Limited (the “Company”) announces the audited consolidated results of the Company and its subsidiaries (the “Group”) for the year ended 31 March 2023.

SUMMARY OF RESULTS

During the financial year which ended on 31 March 2023 (“FY2023”), revenue of the Group declined by HK\$480.6 million or 6.8% to HK\$6,581.0 million when compared to the last financial year which ended on 31 March 2022 (“FY2022”). Including contributions from discontinued operations, total profit attributable to owners of the Company decreased from HK\$156.9 million for FY2022 to HK\$36.9 million for FY2023. Earnings per share for FY2023 was 4.0 HK cents, compared to 19.8 HK cents for FY2022.

BUSINESS REVIEW

During FY2023, revenue of the Group declined by HK\$480.6 million or 6.8% to HK\$6,581.0 million when compared to FY2022. The decline was mainly due to a HK\$454.9 million or 8.4% decrease in revenue reported by Batteries Business when compared to FY2022. In terms of geographical markets, sales to Europe and the Americas decreased while sales to China increased.

Gross profit margin increased from 25.9% in FY2022 to 26.6% in FY2023. The increase was due mainly to improvements in the sales mix, margin accretive new products and higher manufacturing productivity, mitigating the adverse effects of higher materials costs.

The Group continued to execute on operational excellence. Distribution costs decreased by HK\$87.1 million or 9.5% to HK\$829.6 million when compared to FY2022 due mainly to a reduction in freight cost and custom duties for the Batteries Business and the reduced advertising and promotion expenses. Administrative expenses decreased by HK\$19.0 million or 2.1% to HK\$866.4 million due mainly to a decrease in staff costs.

Other operating income decreased by HK\$17.5 million to HK\$263.4 million in FY2023 when compared to FY 2022. Other operating income for FY2023 mainly consisted of the gain from disposal of the whole 29.28% shareholding in STL Technology Co., Ltd (“STL”) and the gain from disposal of Huizhou Modern Battery Limited (“Modern Battery”), a wholly-owned subsidiary of GP Industries Limited (“GP Industries”, and together with its subsidiaries, “GP Industries Group”).

As at the date of this announcement, GP Industries is owned as to 85.59% by the Company and is a company incorporated in the Republic of Singapore with limited liabilities whose shares are listed on the Singapore Exchange Securities Trading Limited.

Other operating expenses decreased by HK\$53.7 million to HK\$150.9 million in FY2023 when compared to FY2022. Other operating expenses included the impairment charges for the property, plant and equipment of lithium rechargeable business and cumulative translation deficit charged to profit or loss upon de-registration of a subsidiary. The decrease in FY2023 was also contributed by the one-off impairment charges for the business in Russia and the cost of relocating the factories of the Batteries Business from Huizhou to Dongguan, China recognised in FY2022.

Including contributions from discontinued operations, total profit attributable to owners of the Company decreased from HK\$156.9 million for FY2022 to HK\$36.9 million for FY2023.

Batteries Business

- Revenue of the Batteries Business dropped 7.5% to S\$870.1 million.
- Sales of primary batteries and rechargeable batteries decreased by 6.2% and 15.5%, respectively. In geographical terms, sales to the Americas, Europe and Asia decreased by 17.5%, 13.4% and 1.4%, respectively.
- Gross profit margin remained at approximately the same level as in FY2022.

- The Group continued to devote more resources to its core businesses and to enhance its capital strength. GP Industries Group disposed of all interests in STL during FY2023 with a gain of S\$12.5 million in aggregate. Also, after relocating the rechargeable battery production to Xiegang, Dongguan, China, gain from disposal of the old factory plant amounted to S\$10.6 million was recorded. The disposal of STL and Modern Battery contributed to the increase in profit contribution from the Battery Business.
- Rapid material price increases and continued disruption to the supply chain during FY2022 resulted in an increase in raw materials and finished products held in inventory as at 31 March 2022. The inventory was reduced back to a normal level as at 31 March 2023 due to the improvement in global supply chain.

Electronics and Acoustics Business

- Revenue of the Electronics and Acoustics Business slightly decreased by 0.7% to S\$279.9 million.
- KEF's sales decreased by 3.1%. The 15.5% increase in sales to Asia was outweighed by the decrease in the Americas by 10.8%.
- The Celestion brand professional speaker driver business reported a 6.1% revenue growth. Sales to Europe and Asia increased by 17.6% and 15.9% respectively, while sales to the Americas dropped by 11.4%.
- The professional audio manufacturing business reported a 1.1% increase in revenue with increased sales to major geographical markets, including a 15.6% and 10.9% increase to Europe and Asia respectively, while sales to the Americas decreased by 8.0%.
- In April 2022, the electronics factory in Huizhou, China relocated its manufacturing facilities to a new location at Dongjiang Industrial Park in Huizhou and production was disrupted by nearly two months. The operation efficiency of the factory was subsequently rebuilt after reallocation and contributed to an increase in profitability of the Electronics and Acoustics Business.
- Despite high material costs and flat sales, gross profit margin increased due to new product introduction and improved operation efficiency.
- An estimated compensation receivable (the "Compensation Receivable") for returning a sold old factory plant ("Property") to the buyer within a 60-month rent-free period was included in determining the related property disposal gain in the financial year ended 31 March 2020. Upon handing over the Property in FY2023, the parties agreed to a final compensation which was less than the Compensation Receivable by S\$2.9 million and the difference was recognised under other operating expenses in FY2023.

Other Industrial Investments

- In March 2022, XIC Innovation Limited (“XIC” which was formerly known as Linkz Industries Limited, and together with its subsidiaries, “XIC Group”) completed the disposal of its 63.58%-owned subsidiary, Time Interconnect Technology Limited (“Time Interconnect”), and reported a disposal gain in FY2022. Profit contribution from XIC decreased in FY2023 after the disposal.
- During FY2023, XIC completed the acquisition of Light Engine Technologies Limited (“Light Engine”, and together with its subsidiaries, “Light Engine Group”) of which XIC and Light Engine were under the common control of their controlling shareholder preceding to this acquisition. As a result, the consolidated financial statements of XIC Group for FY2022 have been restated to include assets and liabilities and the operating results of Light Engine Group, as if Light Engine Group had been in existence as at 1 April 2021. GP Industries Group’s restated profit attributable to shareholders for FY2022 increased to S\$40.0 million from S\$35.3 million. As a result, the profit attributable to owners of the Company was adjusted up to HK\$156.9 million from HK\$133.4 million previously reported.

OUTLOOK

Business activities started to increase as more countries re-opened from COVID-19 lockdowns after the pandemic started to subside. However, consumers in developed countries also started to shift more of their spending to services such as holidays and dining out. Rapidly rising inflation and repeated interest rate hikes during FY2023 may have also adversely affected consumer spending on manufactured goods. Nevertheless, demands for the Group’s battery products slowed in FY2023 but may gradually increase when the major overseas private label customers start to rebuild their inventories in the latter part of the financial year ending 31 March 2024 (“FY2024”).

Rapidly rising interest rates are expected to significantly increase the Group’s finance costs. It may fund some of its future expansions by equity financing, where appropriate, to reduce its borrowing level.

The Batteries Business will continue to be affected by volatile raw material prices and shipping challenges. The manufacturing capacity rebalancing project have been completed in FY2023. As a result, the Group’s manufacturing efficiency is expected to improve with reduced redundant operations and better economies of scale in FY2024.

Combining the strong and differentiated product program with aggressive sales expansion, demands for the Group’s KEF consumer speakers, Celestion professional speaker drivers and professional audio manufacturing businesses are expected to expand its addressable market with groundbreaking innovation.

Disruption to global shipping services is improving but shortages of electronics components are expected to continue posing challenges to the Group in optimizing its inventory level and working capital requirements for meeting delivery commitments.

The project to rebalance the Group's manufacturing facilities was substantially completed in FY2023. With the relocation of Zhongyin (Ningbo) Battery Co Ltd's operations to the new and world-class facility in China completed by the end of FY2024, the subsequent disposal of the existing factory site will generate more fundings for the Group's deleveraging program. No significant other operating income or expenses related to disposal of non-core assets is expected for FY2024.

During FY2023, GP Industries Group has entered into simple agreements for future equity ("SAFE") with various investors, being the long-term trade partners and business associates of GP Industries Group and supporters of KEF and Celestion branded products with an aggregate amount of US\$13.7 million. The SAFE is a kind of equity financing and classified as non-controlling interests in GP Industries Group's consolidated statement of financial position.

On 28 December 2021, the Group announced the proposed distribution in-specie of the rechargeable batteries manufacturing business (the "Proposed Distribution"). The Proposed Distribution is conditional, inter alia, on the completion of the restructuring of the rechargeable batteries manufacturing business and obtaining all necessary waivers, consents and approval from third parties and regulatory authorities, which is still in progress. The Group will make further announcement to update the shareholders on the Proposed Distribution.

Introducing innovative new products is the centerpiece of the Group's long-term strategy. The Group continues to invest in building a product development process, enabling the Group to respond faster to customer requests and emerging opportunities, thus gaining a vigorous competitive advantage.

The Group will continue its strategy in operational excellence to drive further improvement in efficiency across its manufacturing operations, supporting further margin improvement.

NOTES:

1. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”). In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited (the “Listing Rules”) and by the Hong Kong Companies Ordinance.

The financial Information relating to the years ended 31 March 2023 and 2022 included in this preliminary 2022/23 results announcement does not constitute the Company’s statutory annual consolidated financial statements for these two years but is derived from these financial statements. Further information relating to these statutory financial statements required to be disclosed in accordance with section 436 of the Companies Ordinance (Cap. 622) is as follows:

- The Company has delivered the financial statements for the year ended 31 March 2022 to the Registrar of Companies as required by section 662(3) of, and Part 3 of Schedule 6 to, the Companies Ordinance (Cap. 622) and will deliver the financial statements for the year ended 31 March 2023 in due course.
- The Company’s auditor has reported on the financial statements of the Group for both the years ended 31 March 2023 and 2022. The auditor’s reports were unqualified; did not include a reference to any matters to which the auditor drew attention by way of emphasis without qualifying its reports; and did not contain a statement under sections 406(2), 407(2) or (3) of the Companies Ordinance (Cap. 622).

In preparing the consolidated financial statements, the directors of the Company have given careful consideration to the future liquidity of the Group in light of the fact that the Group’s current liabilities exceeded its current assets by approximately HK\$377 million as at 31 March 2023. The Group’s current liabilities as at 31 March 2023 included bank loans, import and other loans of approximately HK\$2,474 million that are repayable within twelve months from the end of the reporting period. Taking into account of the internally generated funds and the available banking facilities of approximately HK\$2,008 million as at 31 March 2023, the directors of the Company are confident that the Group will be able to meet their financial obligations when they fall due in the foreseeable future and be able to operate on a going concern basis.

2. MERGER ACCOUNTING AND RESTATEMENTS

The Group accounts for all its business combinations involving entities under common control under the principles of merger accounting in accordance with Accounting Guideline 5 “Merger Accounting for Common Control Combinations” (“AG 5”) issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”).

On 30 December 2022, XIC Innovation Limited (“XIC”), an associate of the Company, completed the acquisition of the entire equity interests in Light Engine Technologies Limited (“Light Engine”) at a consideration of HK\$1,100 million. Immediately before the acquisition, Mr. Paul Lo Chung Wai (“Mr. Paul Lo”) is the ultimate legal and beneficial owner of the entire issued share capital of Light Engine and also the ultimate legal and beneficial owner of 60.87% per cent of the issued share capital of XIC. Upon completion of the acquisition, Light Engine became a wholly-owned subsidiary of XIC. Since XIC and the Light Engine are under common control of Mr. Paul Lo, the acquisition has been accounted for as business combination under common control in accordance with AG5.

The consolidated financial statements of XIC as at 31 March 2021 and 2022 have been restated to include the assets and liabilities and the results of the Light Engine and its subsidiaries, as if the acquisition had been completed since the date when the combining business first came under the control of Mr. Paul Lo. The consolidated financial statements of the Group as at 31 March 2021 and 2022 have been restated to adjust the interest in associates, share of results of associates, other comprehensive income, share of change in net assets of XIC other than comprehensive income and earnings per share as if the acquisition had been completed since the date when the combining business first came under the control of Mr. Paul Lo.

The effects of the application of merger accounting on the consolidated statement of profit or loss for the year ended 31 March 2022 are as follows:

3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

Amendments to HKFRSs that are mandatorily effective for the current year

In the current year, the Group has applied the following amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) for the first time, which are mandatorily effective for the annual period beginning on 1 April 2022 for the preparation of the consolidated financial statements:

Amendments to HKFRS 3	Reference to the Conceptual Framework
Amendments to HKAS 16	Property, Plant and Equipment - Proceeds before Intended Use
Amendments to HKAS 37	Onerous Contracts - Cost of Fulfilling a Contract
Amendments to HKFRSs	Annual Improvements to HKFRSs 2018 - 2020

Except as described below, the application of the amendments to HKFRSs in the current year has had no material impact on the Group’s financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

Impacts on application of Amendments to HKFRS 3 Reference to the Conceptual Framework

The Group has applied the amendments to business combinations for which the acquisition date was on or after 1 April 2022. The amendments update a reference in HKFRS 3 *Business Combinations* so that it refers to the *Conceptual Framework for Financial Reporting 2018* issued in June 2018 (the “Conceptual Framework”) instead of *Framework for the Preparation and Presentation of Financial Statements* (replaced by the *Conceptual Framework for Financial Reporting 2010* issued in October 2010), add a requirement that, for transactions and events within the scope of HKAS 37 *Provisions, Contingent Liabilities and Contingent Assets* or HK(IFRIC)-Int 21 *Levies*, an acquirer applies HKAS 37 or HK(IFRIC)-Int 21 instead of the Conceptual Framework to identify the liabilities it has assumed in a business combination and add an explicit statement that an acquirer does not recognize contingent assets acquired in a business combination.

The application of the amendments in the current year has had no material impact on the Group’s consolidated financial statements.

Impacts on application of Amendments to HKAS 16 “Property, Plant and Equipment - Proceeds before Intended Use”

The Group has applied the amendments for the first time in the current year. The amendments specify that the costs of any item that were produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management (such as samples produced when testing whether the relevant property, plant and equipment is functioning properly) and the proceeds from selling such items should be recognised and measured in the profit or loss in accordance with applicable standards. The cost of the items are measured in accordance with HKAS 2 “Inventories”.

In accordance with the transitional provisions, the Group has applied the new accounting policy retrospectively to property, plant and equipment made available for use on or after 1 April 2022. The application of the amendments in the current year has had no material impact on the Group's consolidated financial statements.

Impacts on application of Amendments to HKFRSs “Annual Improvements to HKFRSs 2018 - 2020”

The Group has applied the amendments for the first time in the current year. The annual improvements make amendments to the following standards:

HKFRS 9 “Financial Instruments”

The amendment clarifies that for the purpose of assessing whether modification of terms of original financial liability constitutes substantial modification under the "10 per cent" test, a borrower includes only fees paid or received between the borrower and the lender, including fees paid or received by either the borrower or the lender on the other's behalf.

In accordance with the transitional provisions, the Group applies the amendment to financial liabilities that are modified or exchanged as at the date of initial application, 1 April 2022.

The application of the amendments in the current year has had no material impact on the Group's consolidated financial statements.

New and amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

HKFRS 17 (including the October 2020 and February 2022 Amendments to HKFRS 17)	Insurance Contracts ¹
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ²
Amendment to HKFRS 16	Lease Liability in a Sale and Leaseback ³
Amendments to HKAS 1	Classification of Liabilities as Current or Non-Current and related amendments to Hong Kong Interpretation 5 (2020) ³
Amendments to HKAS 1	Non-current Liabilities with Covenants ³
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies ¹
Amendments to HKAS 8	Definition of Accounting Estimates ¹
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction ¹

¹ Effective for annual periods beginning on or after January 1, 2023.

² Effective for annual periods beginning on or after a date to be determined.

³ Effective for annual periods beginning on or after January 1, 2024.

The directors of the Company anticipate that the application of all new and amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

4. Segment information / Revenue

For the purposes of resources allocation and performance assessment, the executive directors, who are the chief operating decision makers, assess profit or loss of these operating divisions using a measure of operating profit which exclude: interest income, other expenses and other losses, finance costs and unallocated expenses.

The three main operating divisions of the Group, each of which constitutes an operating and reportable segment for financial reporting purpose, are:

Electronics – development, manufacture and distribution of electronics and acoustic products and other businesses.

Batteries – development, manufacture and distribution of batteries and battery related products.

Other investments – holding of other investments which are mainly engaged in selling and distribution business.

No operating segments have been aggregated in arriving at the reportable segments of the Group.

The Group's revenue represents sales of electronics and acoustics, batteries and other products.

19. Event after the reporting period

Subsequent to 31 March 2023, the Group acquired further 15% equity interest in Changzhou Lithium Batteries Co., Limited ("CZLB"), then the associate of the Group as at 31 March 2023 and CZLB became a subsidiary of the Group for an aggregate consideration of approximately HK\$10,739,000. The transaction was completed on 18 April 2023. The Group is in the process of assessing the financial impact of the transaction.

FINANCIAL REVIEW

During the year, the Group's net bank borrowings decreased by HK\$397 million to HK\$2,240 million. As at 31 March 2023, the aggregate of the Group's shareholders' funds and non-controlling interests was HK\$2,723 million and the Group's gearing ratio (the ratio of consolidated net bank borrowings to shareholders' funds and non-controlling interests) was 0.82 (31 March 2022: 0.82). The gearing ratios of the Company and GP Industries were 0.54 (31 March 2022: 0.50) and 0.55 (31 March 2022: 0.60) respectively.

At 31 March 2023, 70% (31 March 2022: 81%) of the Group's bank borrowings was revolving or repayable within one year whereas 30% (31 March 2022: 19%) was repayable from one to five years. Most of these bank borrowings are in US dollars, Singapore dollars and Hong Kong dollars.

The decrease of net current liabilities positions as at 31 March 2023 was due mainly to the proceeds received from disposal of Modern Battery and STL, as well as the Group's financing arrangements including the issuance of SAFE and new long-term loans raised during the year. Taking into consideration the Group's internally generated funds and available banking facilities, the Group has sufficient resources to settle its current liabilities as they fall due.

The Group's exposure to foreign currencies arises mainly from the net cash flow and the translation of net monetary assets or liabilities of its overseas subsidiaries. The Group continued to manage foreign exchange risks prudently. Forward contracts, borrowings in local currencies and local sourcing have been arranged to minimise the impact of currency fluctuation.

RIGHTS ISSUE AND USE OF PROCEEDS

On 14 February 2022, the Company announced a rights issue ("Rights Issue") on the basis of one rights share for every six existing shares held by shareholders of the Company at a subscription price of HK\$0.62 per rights share. The Rights Issue was completed and 130,782,158 ordinary shares was issued before 31 March 2022. The gross proceeds from the Rights Issue are approximately HK\$81.1 million and the net proceeds from the Rights Issue, after deducting professional fees and all other relevant expenses, are approximately HK\$77.5 million. Details of the Rights Issue were disclosed in the prospectus of the Company dated 8 March 2022 (the "Prospectus").

As at 31 March 2023, the intended use and actual use of the net proceeds from the Rights Issue, as well as the unutilised net proceeds are as follows:

DIVIDENDS

To preserve the Company's financial resources, no interim dividend was paid by the Company for the year ended 31 March 2023 (2022: nil). The Board does not propose a final dividend for the year ended 31 March 2023 (2022: nil).

CLOSURE OF REGISTER OF MEMBERS

The annual general meeting (“AGM”) will be held on Wednesday, 27 September 2023. For the purpose of ascertaining shareholders’ entitlement to attend and vote at the AGM, the Register of Members of the Company (the “Register of Members”) will be closed from Thursday, 21 September 2023 to Wednesday, 27 September 2023, both days inclusive, during which period no transfers of shares will be effected. In order to qualify for voting at the forthcoming AGM, all transfers, accompanied by the relevant share certificates, must be lodged with the Company’s Hong Kong Branch Share Registrar and Transfer Office, Tricor Abacus Limited at 17/F, Far East Finance Centre, 16 Harcourt Road, Admiralty, Hong Kong for registration not later than 4:30 p.m. on Wednesday, 20 September 2023.

PURCHASE, SALE OR REDEMPTION OF THE COMPANY’S LISTED SECURITIES

Neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company’s listed securities during the year.

CORPORATE GOVERNANCE PRACTICES

The Company has complied with the code provisions set out in Part 2 of Appendix 14 to the Listing Rules throughout the year, except for the deviation from Code Provision C.2.1 which stipulates that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. Mr. Victor LO Chung Wing is currently the Chairman and Chief Executive of the Company. The Board considers that the present structure will not impair the balance of power and authority between the Board and the management of the Group as the Group’s principal businesses are separately listed and run by a different board of directors.

DIRECTORS’ DEALING IN SECURITIES OF THE COMPANY

The Company has adopted the “Model Code for Securities Transactions by Directors of Listed Issuers” set out in Appendix 10 to the Listing Rules (the “Model Code”) as its code of conduct regarding the directors’ securities transactions. Having made specific enquiry of all directors, the Company confirmed that all directors have complied with the required standard set out in the Model Code throughout the year.

AUDIT COMMITTEE

The Company has an audit committee which was established in compliance with Rule 3.21 of the Listing Rules for the purpose of reviewing and providing supervision over the Group’s financial reporting process and internal controls. The audit committee comprises all four independent non-executive directors and the non-executive director of the Company. The results for the year ended 31 March 2023 have been reviewed by the Company’s audit committee.
